

Reversing Overpopulation: The Planet's Doomsday Threat

By Lemuel Gulliver XVI

Createspace, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Commander Lemuel Gulliver XVI returns from a 25 year odyssey around the solar system searching for places to put the world's excess population. He found none. He therefore is determined to join others who have recognised this major problem and are attempting to do something about it. Overpopulation is responsible for many of the world's major problems: global warming, the lack of fresh water, famines, poverty, youth unemployment, reduction in natural resources, and the storing of excess wastes in our air, water and on our land. The commander's 25 years of reading and thinking has made him understand the importance of eu-paranting. Many of the problems of our societies are related to the lack of parental love and the inability of parents to effectively educate their children. Several societies have licensed parents to have children based on a number of criteria-- which vary from country to country. Cmdr. Gulliver plans to visit some of these countries and learn what they are doing first hand. He is aware of the anchors of tradition that hold most...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
