The word Animism was first used to denote the metaphysical system of Georg Ernst Stahl, the originator of the chemical hypothesis of Phlogiston, who revived in scientific form the ancient second volume was published twenty-five years after the first, and bears the imprimatur of the St. Petersburg Censor which is wanting in the earlier volume. doctrine of the identity of the vital principle and the soul. In his *Theoria medica vera* published at Halle in 1707, Stahl endeavoured, in opposition to Hoffmann's theory of purely mechanical causation, to trace all organic functions to the action of an inherent immaterial substance or anima. In his great work on *Primitive Culture* Mr. E. B. Tylor transferred the term from metaAnimism, physics, where it had had its day, to ethnology, where it has taken root and flourished, and made the idea which it conveys the basis of his exposition of the principles underlying primitive religion. It is habitually found, he writes, that the theory of Animism divides into two great dogmas forming parts of one consistent doctrine; first, concerning souls of individual creatures, capable of continued existence after the death or destruction of the body; second, concerning other spirits, upward to the rank of powerful deities. Spiritual beings are held to affect or control the events of the material world, and man's life here and hereafter; and it being considered that they hold...
